The following is an examiner's statement of reasons for allowance: the prior art of record does not fairly teach or suggest using a low pass filter with an under saddle sensor, a high pass filter with a body sensor, and a control for simultaneously varying the frequency of the low pass filter and the level of the signal passed by the high pass filter.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
